#### Direct Debit (autogiro) authorization

I hereby authorize to use the automatic payment service Autogiro to deduct my membership fee from the account I have indicated. The bank is not responsible for checking authorization or for notifying me in advance about each payment. Withdrawals will be noted on my bank statements. This authorization can be transferred to another account at the same or another bank if I so request.

I will ensure that there are sufficient funds in my account no later than one banking day before payment is due. I authorize the bank to transfer payment in accordance with the bank's rules for such transactions.

Payment may be made from my account on the due date or up to one week thereafter on condition that The Swedish Association of Graduate Engineers notifies me in advance of the amount, payment date and method of payment. This notification must occur the first time a payment is made and then in conjunction with any changes in the amount.

I understand that the bank must approve the use of my account for Autogiro payments, and that the bank and The Swedish Association of Graduate Engineers have the right to terminate my access to Autogiro.

Bankgirocentralen, BGC, manages the Autogiro process on behalf of the bank. I therefore give permission for information regarding my account number and account address to be registered and integrated with BGC's information.

This authorization is valid until further notice. It will terminate at the end of the calendar month in which I notify The Swedish Association of Graduate Engineers of cancellation. Alternatively, I can stop one or more transfers by contacting the bank no later than two banking days before payment is due.
